**More high school students** are interested in college levels courses while the community demand for a skilled workforce is greater than ever. Regis High School is working with colleges, Wisconsin Workforce Development, and area businesses to provide dual credit classes and apprenticeships, which prepare our students to enter community-identified careers. Although a significant cost to our system, we believe it is of utmost importance to our students and the community.

**Your donation supports the cost of the instructors, coursework, school and apprentice liaisons, and the cost for students enrolled.**

## Healthcare Academy

Targets high school students who have an interest in fields such as medicine, nursing, PT, OT, sports management, and more.

## Business & Trade Academy

# Help Grow Our Endowment Fund

The Regis Catholic Schools Foundation works hard to support the current needs of our system while also growing our endowment fund to a level that will provide financial support for years to come.

We are more than halfway to reaching our first endowed goal which will provide our schools with \$400,000 annually to fund our greatest needs.

## CAN YOU HELP US REACH OUR GOAL?
